

ADVS Assessment [2019-2020]

Emphasis: Equine Science and Management

Disciplinary Knowledge [DK]: Learning Outcome [LO] #6

Semester/Course: Fall 2019: ADVS 2190: Horse Production

Artifact: Equine Care Discussion

The Equine Care Discussion is an assessment of DKLO #6. This assessment measures the student's ability to integrate knowledge from basic sciences to applications in the animal sciences by creating a discussion about an equine disease and expounding on the physiological components that would be used in a diagnosis.

6. Integrate knowledge from basic sciences to applications in the animal sciences.
