

ADVS Assessment [2019-2020]

Emphasis: Equine Science and Management

Disciplinary Knowledge [DK]: Learning Outcome [LO] #2

Semester/Course: Fall 2019: ADSV 2190: Horse Production

Artifact: Barn Management Project

The Barn Management Project is an assessment of DKLO #2. The assessment measures the student's ability to summarize the nature, intent, and scope of Equine Sciences by requiring students to demonstrate the complexity of all the components related to equines in the capacity of a functioning equine facility.

2. Summaries the nature, intent and scope of Equine Sciences.
