

SPONSORED STUDENT FLIGHT FUNDING REQUEST

Sponsor: SACM - SAUDIA AIRLINES

Requesting additional funds required to complete your current certification takes 3-5 business days to be posted into your flight account at the airport. Requested funds will be approved on a "need" basis and should only be requested if additional flight time is necessary to continue your flight training.
Any NO SHOWS will be your responsibility to pay.

Please calculate the **TOTAL AMOUNT** needed to finish the course, then **SUBTRACT**** the positive balance in your FlightLogger account to determine the amount of funds to request.

** If your FlightLogger balance is negative, then ADD the FlightLogger balance amount.
