

# FCSE 4040 Reading Assessment Rubric

## Reading assessments

With each reading assignment you will be required to complete a related Reading Assessment to demonstrate your level of preparation to successfully participate in the day's in-class synchronous discussion.

Each Reading Assessment will need **to be completed no later than 9 am** on the appropriate day of class. These assessments are not timed, have multiple attempts, and may be taken unlimited times until they are COMPLETED before the due date/time.

**Note: Lack of successful completion in this category will negatively impact the "Professionalism" grade.**
