AGRICULTURAL EXTENSION & EDUCATION, MS

Emphasizing a wide range of teaching and learning skills, a master's in agricultural extension and education helps you become the community's go-to expert for all agriculture related topics. While this degree does not result in a teaching license, you will develop skills in instruction, program planning, evaluation, and research.

Work with Top Experts

In 1888, USU started as the state's premier agricultural school. Today, USU is still the top choice for students interested in agricultural careers. Utah's Extension program runs through USU. You will have access to the state's top experts, allowing you to graduate career-ready.

Prepare to Boost Your Career in:

- Agricultural and Food Scientist
- Postsecondary Teacher
