FAMILY & CONSUMER SCIENCE EDUCATION & EXTENSION, MS

A degree in FCSEE serves to expand the academic preparation of family sciences, housing, textiles and clothing, nutrition and food sciences, and management of personal finances.

Why earn a degree in FCSEE?

This degree is meant for those passionate about working in the field of education where they may also be involved with research. It is also great for those who wish to continue on and earn a PhD. Students will strengthen their skills in the areas of instruction, program planning, evaluation and research related to research methodology and statistical applications.

Your Career Options

- Secondary teaching
- Urban and rural Extension
- Supervisory or administrative positions in business and technical schools
- Social Science
- Business
