

HUNGER AND FOOD SECURITY *studies*

USU MINOR

FOOD INSECURITY

Not having access to sufficient food, or food of an adequate quality, to meet one's basic needs.

49 MILLION

People in the US used food assistance during 2022.

1 IN 11

Utahns are food insecure.

There are very few hunger and food security-related minors in the country. This is a unique opportunity for undergrads at USU.
